Program/Services Description - Social Determinants of Health

Economic Stability (Employment, Food Insecurity, Housing Instability, Poverty)

Education Access & Quality (Early Childhood Education and Development, Enrollment in Higher Education, High School Graduation, Language and Literacy)

Social & Community Context (Civic Participation, Discrimination, Incarceration, Social Cohesion)

Program/Services Description - FRHD Community Needs Assessment

Mental Health (Social Support - Youth or Families)

Health (Mobility)

Health (Healthy Food/Nutrition)

Social (Economic Security, Health Literacy, Family/Child Support, Legal/Advocacy)

Program Objectives

Objectives#1: DVP will provide weekly workshops that teach social skills through behavioral role modeling, role playing and twice yearly 2 - 3 hours dance socials to 50 adults with disabilities. This curriculum serves its goals by helping participants reduce social isolation, anxieties and depression.

Objective #2: DVP will provide a 12 month educational hands on culinary workshops facilitated by chefs and a nutritionist to educate participants on nutritional benefits of cooking and eating health

Program Outcomes/Measurables

#1

By the end of 2022, 50% of the participants will exhibit an increase in socialization skills by actively participating in events, socials, and community activities DVP sponsors.

Through sign up sheets for various events, we have determined 99% of our students are participating in DVP socials, DVP events and community activities. Out of the 28 students only 1 had to stay home from our last dance party due to illness.

#2

By the end of 2022, 50% of the participants will be able to understand, recite the nutritional benefits of cooking and eating healthy foods. 50% will also be able to demonstrate the ability to cook 5 simple healthy meals and explain its nutritional benefits to their facilitators and peers. For our 2022, Christmas program event, each student participated in groups of 3 to cook a simple healthy dish for the event potluck. Each small group explained the nutritional benefits to their facilitators and peers. What a successful event!

Grants and Sponsors

A special THANK YOU to the Grant Makers, Corporations, Local Businesses, Foundations, Organizations, and Sponsors that support us past, present and future that support our mission here at D'Vine Path. We work hard to provide our students with an environment that challenges, encourages, and supports them. We strive to give them a true sense of community and feel that they are a part of our extended family and really MAKE AN IMPACT on their lives, and the lives of those around them.

It takes a VILLAGE, and YOU are a part of our village here at D'Vine Path. We encourage and invite you to visit D'Vine Path's Educational Ranch & Vineyards to meet our wonderful students and staff that make this all possible.

If you are interested in supporting D'Vine Path through Grants, Individual/Corporate Sponsorships, or donated services, please contact Michele Cox at michele@dvinepath.org

Impact Story

FHD 22-23 Q2 Impact Story.pdf

FHD 22-23 Q2 D'Vine Path Impact Story

Our primary goal, above vocational and life skills training, is to give our students a sense of empowerment.

Once a person feels empowered, whether they have a disability or not, they can accomplish most anything they want. At D'Vine Path we truly believe this for our students, our staff, our volunteers and anyone else who associate with DVP.

One of our senior students, Sabrina, has been with us almost 4 years now. She started in our very first program and had some social challenges which was preventing her from fully experiencing proper relationships. She had no “filter” and was quite disruptive in social settings and always brought drama to her peers. Her home life was dysfunctional and was the child that got bullied by high school peers, both parents and siblings due to her disability. Needless to say, her confidence was at an all time low and probably has never experienced a healthy nurturing environment.

After all the years of Life I Can Healthy Lifestyle workshops, social and dance events, life skills training and socialization, Sabrina started applying the strategies in her social life, both at home and at program with incredible results. The staff has been noticing that she stops herself from saying anything negative when an incident happens that involves her. She listens and is respectful. The interviewers from our mock job fair said they were impressed by Sabrina and would definitely hire her. She helps stay after program to help clean the facility along with the staff and has never complained. What incredible growth to witness. She told me the other day, she feels accepted and loves the positive environment we create everyday at program. Sabrina feels empowered and feels she can accomplish anything and has graduated into the Culinary Program and has since showed us her great customer service skills. She even won the 2022 Wine Label Art contest!

Her life has been substantially impacted by the FRHD grant and we are grateful. This continued FRHD grant affords us the tools, workshops, and staff required to create an atmosphere where we can “grow” students into confident, skilled and empowered adults capable of thriving, not just surviving. Thank you.
