**Organization History & Accomplishments**

Boys & Girls Clubs of North County was established in the Fallbrook community in 1962. In our 62-year history, we have grown from a single site to now serving over 2,500 youth in Fallbrook, Bonsall, Rainbow, and Deluz. Boys & Girls Clubs of North County is a member organization of Boys & Girls Clubs of America, a federation, which provides technical assistance, training, program development, and other resources, along with standards for member organizations. Boys & Girls Clubs of North County began as the Boys Club of Fallbrook and later changed its name to better reflect the population and communities we serve. Programs were operated out of our clubhouse on Ivy Street until expansion began in 2005. Four new sites were added on school grounds in collaboration with Fallbrook Union Elementary School District. In 2015 we opened a site at Mae Ellis Elementary and added another at La Paloma Elementary in 2017. In 2019 a site was established at Turnagain Ars apartments, in collaboration with Community Housing Works and Better World Foundation. In 2020 two sites were established at Camp Pendleton schools, May Fae Pendleton, and San Onofre. In 2021 we expanded our partnership with Palomar Family Counseling to include services at four of our school sites every week. In 2022 we expanded our partnership with FUESD by significantly increasing the number of youths we could serve at each site and adding a wider variety of program offerings, including specialized programs with outside vendors. In 2023 we expanded our partnership with the Vallecitos and Bonsall School District and serve each district with a wide variety of programs and services. Boys & Girls Clubs of North County has been recognized by BGCA with numerous awards for youth attendance, marketing, and board strength.

## Social Determinants of Health (SDOH)

The Fallbrook Regional Health District has identified several Social Determinants of Health that demonstrate a significant impact on the long term health and well being of our community. The following questions address how your program and/or services address these concerns.

### Program/Services Description - Social Determinants of Health

Education Access & Quality (Early Childhood Education and Development, Enrollment in Higher Education, High School Graduation, Language and Literacy)

Social & Community Context (Civic Participation, Discrimination, Incarceration, Social Cohesion)

Healthcare Access & Quality (Access to Health Care, Access to Primary Care, Health Literacy)

Neighborhood & Built Environment (Access to Foods that

### **Social Determinants of Health - Education Access and Quality**

We will address the Education Access & Quality Social Determinant of Health by improving the language and literacy skills of our Club members by weaving language and literacy throughout our programs utilizing a social setting to reinforce and teach these skills rather than the classroom. This way the children learn language and literacy skills in a more comfortable environment and experience full immersion in the English language. We also specifically teach health and healthy habits as part of the Triple Play program, such as when the San Diego County Oral Health Program visits and holds interactive sessions on dental health and the importance of good dental hygiene. Another example is when our partners, the student nurses from Cal State San Marcos, lead breakout sessions on a variety of health topics such as skincare and sun protection, emphasizing the need to prevent sun exposure using sunscreen, hats, clothing, and shaded areas.

### **Social Determinants of Health - Social and Community Context**

One of the tenets of Boys & Girls Club's youth development strategy is social cohesion. The Club is committed to creating safe, inclusive spaces where every kid can reach their full potential and feel a sense of belonging. Our programs are designed to maximize opportunities for young people to acquire four basic "senses" which help them build self-esteem and grow into responsible citizens. These four "senses" are: 1. **A sense of competence** - Young people feel proud and confident when they acquire new skills and know they can do something and do it well. 2. **A sense of usefulness** - Young people know the satisfaction of doing something of value for others. 3. **A sense of belonging** - Young people know they are welcome and feel they fit in and are accepted. 4. **A sense of power and influence** - Young people know their opinions are heard and valued and that they can influence decisions. We will address the Social & Community Context Social Determinant of Health by teaching teamwork and participating in community service, partnering with Palomar Family Counseling to provide services and support to Club members, and playing team sports and participating in recreational activities teach our youth a sense of fairness, empathy, resiliency, and equity, as well as improves language and communication skills, and math skills are also utilized when scoring and playing sports. Social recreation is another powerful tool in addressing Social & Community Contexts. Youth are taught ethics and reinforced social skills while playing games.

### **Social Determinants of Health - Healthcare Access and Quality**

We will address the Healthcare Access & Quality Social Determinant of Health by implementing Healthy Habits, part of the Triple Play program. Healthy Habits is the "Mind" component of the Triple Play program. The Healthy Habits curriculum focuses on making choices that support a healthy eating pattern and physical wellness. This targeted program is made up of interactive practical activities that develop a young person's ability, confidence, and motivation to eat healthy for life. We also partner with local health organizations and refer Club families to these resources and with the partnership of the Cal State San Marcos student nurses providing health services during the summer. Health literacy is taught to both parents and youth during one of our three family nights. Throughout Triple Play activities children learn the importance of taking care of themselves by eating healthy, getting regular physical activity, and being part of a community, all important aspects of health literacy.

### **Social Determinants of Health - Neighborhood and Built Environment**

We will address the **Neighborhood & Built Environment** Social Determinant of Health by providing daily well-rounded nutritious meals, and teaching health and healthy habits. We provide a healthy meal with healthy food, such as fruit, protein, dairy, and whole grains. The goal is for children to experience and taste healthy food and adjust their taste palettes to liking healthy food. Our partnership with the Food Pantry lets children experience the joy of growing fresh vegetables and fruit at the FRHD Wellness Center. We also partner with Cal State San Marcos student nurses and they teach an activity on healthy eating called "The Healthy Plate Model" formerly known as the food pyramid. One of our fun experiences is when we teach kids how to cook nutritious meals and snacks, they enjoy learning how to compose meals and follow recipes, they especially like eating the food they make.

### **Statement of Need/Problem**

The Club serves nearly 2,500 youth members from Fallbrook and neighboring areas. A total of 85% of our Club members are low-income with 40% extremely low-income. There is a strong correlation between childhood poverty and a variety of health issues. According to the Southeastern Association of Community Action Agencies, low-income families are more likely to be food insecure and many cannot afford fresh food (illustrating the **Neighborhood & Built Environment** social determinant of health). Those living in poverty often have limited access to healthy and affordable foods. They often experience “cycles of food deprivation and overeating; high levels of stress, anxiety, and depression; fewer opportunities for physical activity; greater exposure to marketing of obesity-promoting products; and limited access to health care.” Obesity is a high risk for our Club members and is a known precursor to many health problems. Boston Children’s Hospital states “Obesity can increase a child’s risk for serious and chronic medical problems, such as type 2 diabetes, high blood pressure, high cholesterol, orthopedic problems, and liver disease.” According to the CDC, from 1999 –2000 through 2017 –March 2020, US obesity prevalence increased from 30.5% to 41.9%. In addition to leading to obesity, poverty also has a strong correlation with children experiencing mental health issues. **Illustrating Social & Community Context**, the CDC states for children living in poverty, more than 1 in 5 (22%) had a mental, behavioral, or developmental disorder. Often children being diagnosed with one disorder experience multiple disorders. The CDC reports about 3 in 4 children with depression also had anxiety (73.8%) and almost 1 in 2 had behavior problems (47.2%). For children with anxiety, more than 1 in 3 also had behavior problems (37.9%) and 1 in 3 also had depression (32.3%). For children with behavior problems, more than 1 in 3 also had anxiety (36.6%) and about 1 in 5 also had depression (20.3%). The CDC also reports the risk of suicide and substance abuse is also greater for adolescents experiencing poverty. Among ages 12-17 years in 2018-2019: 15.1% had a major depressive episode; 36.7% had persistent feelings of sadness or hopelessness; 4.1% had a substance use disorder; 1.6% had an alcohol use disorder; 3.2% had an illicit drug use disorder and 18.8% seriously considered attempting suicide. Many of our members are dealing with a language barrier illustrating both **Healthcare Access & Quality and Education Access & Quality** social determinants of health. According to the Fallbrook Union Elementary School District, 39% of their students are English learners. This leads to challenges with communicating needs to healthcare professionals and lowers overall health literacy for these Club members and their families. The World Health Organization states, “weak health literacy skills are associated with riskier behavior, poorer health, less self-management, and more hospitalization and costs. Strengthening health literacy has been shown to build individual and community resilience, help address health inequities, and improve health and well-being.” The Mind, Body, Soul approach addresses these issues and provides an early intervention for our members and their families.

### **How are other organizations addressing this need in the community?**

We are not aware of any other programs in our community that offer daily, low/no cost programs that provide youth with nutrition education, physical activities and positive social interactions/social emotional learning.

### **Program/Services Description - Program Entry & Follow Up**

All members of Boys & Girls Clubs of North County can participate in the Triple Play program. To enroll as a Club member, a parent/guardian needs to complete a simple membership registration packet and pay our \$30 annual membership fee, although more than one-third of our members have this fee scholarshiped. Once a youth is a member, they can attend our Club every day after school and all day during the summer. Our Triple Play program is offered as a program option several times throughout each week, so a child simply needs to choose that program to participate in during an activity block. Throughout our program, staff members work to understand the needs of the youth and their families. If additional resources are needed, such as healthy food, additional counseling services, etc., staff can link families with these resources in our community through our connections with other non-profit agencies, governmental entities, and the local school districts.

### **Program/Services Description - Program Activities**

Triple Play is a multi-faceted program designed to help young people become healthy and active and learn new ways to handle stress, maintain a healthy body, form positive relationships, and develop strong social-emotional skills. This comprehensive approach includes three major components focusing on different aspects of healthy living: Mind-Healthy Habits provides a wide-ranging approach addressing nutrition, education, and fitness. This approach incorporates healthy living and active learning into every part of the Club experience, from the gym to the learning center. Health literacy is further supported with daily healthy

snacks and meals provided to model good nutritional patterns. Body-These elements promote fun with a purpose and physical fitness year-round in a non-competitive yet challenging environment. These sports, fitness, and recreation programs are designed to get members up and active through daily challenges, games, and tournaments to strengthen their bodies and help prevent obesity. Soul-Triple Play consciously incorporates elements of the Youth Development Strategy, which are belonging, usefulness, influence, and competence; all of which foster positive mental and behavioral health. Social recreation utilizes the games room and other group game experiences to teach and reinforce social and ethical skills that young people need to become successful adults. The progression of Triple Play activities is designed to build on knowledge over time, but still be able to stand alone as one-time activities. While each program component can stand alone, integrating them allows Club members to create lasting and powerful benefits. The theory of change for Triple Play describes the processes and outcomes of the program. Short-term outcomes include improved knowledge of healthy habits, good nutrition, and physical fitness; increased physical activity; and increased positive interaction with all youth. Intermediate outcomes are better nutrition; more youth meeting standards for vigorous activity; and more youth with healthy relationships with peers and a stronger sense of mastery and control. While providing fun and engaging activities for youth, Triple Play also helps youth build vital skills in impulse control, self-efficacy, self-confidence, and decision-making, as well as relationship building, teamwork, and empathy. Triple Play is delivered to youth in a Boys & Girls Club environment with supportive and caring staff mentors and provides health promotion through practices that enable young people to develop social and emotional development skills that are critical in all aspects of their future health and development. A study conducted on the Triple Play program, delivered in a Boys & Girls Club setting, yielded the following results: A majority (66%) of Club youth report eating two or more servings of fruit per day, compared to 32 percent of youth nationally.-Two times as many Club kids consume three or more servings of vegetables every day (32% compared to 15% nationally)-After participating in Triple Play, the number of Club members who engage in vigorous activity for an hour or more at least five times per week increased by 35% (no change among control group). Each day youth members attend the Boys & Girls Club; they will participate in at least one component of Triple Play.

## **Program Goal**

To improve the overall health of 600 Club members of Boys & Girls Clubs of North County, specifically working to improve the following social determinants of health during the next year with Triple Play: 1. **Education Access & Quality** by improving language and literacy skills; 2. **Social & Community Context** by creating social cohesion; 3. **Healthcare Access & Quality** by improving health literacy by partnering with local resources to aid families and with Cal State San Marcos student nurses to provide basic services during the summer and 4. **Neighborhood & Built Environment** by providing healthy, nutritious meals daily along with partnering with the Fallbrook Food Pantry to plant gardens at the FRHD Wellness Center to support healthy eating patterns. Triple play is instrumental in preventing obesity and diabetes, high blood pressure, and hypertension and increasing social support for youths and families, healthy food/nutrition education, and health literacy.

## **Program Objectives & Measurable Outcomes**

1) Hire and train staff members to provide daily Triple Play activities at eight Boys & Girls Clubs of North County sites during the 2024-25 school year. 2) Provide 60 minutes of vigorous physical activity each day at each Boys & Girls Clubs of North County sites for at least 600 youth per day during the 2024-25 school year. 3) Provide three family nights each year at eight Boys & Girls Clubs of North County sites for families of Boys & Girls Clubs of North County members during the 2024-25 school year.

Hiring and training logs will be kept for each site. Staff members will receive an orientation upon hire to familiarize them with the Boys & Girls Club, our programs, and our expectations. Staff will also receive annual training specifically on the Triple Play program, its implementation, and program curriculum. Participation counts will be kept at each site each day to track the achievement of our goal to reach 600 youth. Staff members will track participation on roll sheets, which will be accumulated and reported centrally each month, and then compiled in preparation for grant reporting. In the spring, youth participants over the age of 9 will complete the National Youth Outcomes Initiative (NYOI) survey. This tool developed by Boys & Girls Clubs of America measures the impact of our programs. From this survey, we can determine the wide range of impacts we are having on our youth including fruit and vegetable consumption, water consumption, physical activity participation, ability to cope with challenges, identifying emotions, impulse control, problem-solving, relationship building, self-efficacy, and empathy.

Responses in these areas will demonstrate the impact that Triple Play is having on our youth participants. Participation counts and other documentation will be kept on the family night events held three times each year at each site. Staff will track attendance using roll sheets, which will be accumulated and reported centrally each month, where the data will be compiled in preparation for grant reporting. Other documentation, such as flyers and photos, will also be collected centrally.

**BOYS AND GIRLS CLUBS OF NORTH COUNTY**  
**NOTES TO FINANCIAL STATEMENTS**  
June 30, 2021

**Note 1. Nature of Organization**

Boys and Girls Clubs of North County is a California non-profit agency established in 1962. Our mission is to provide a safe, caring environment in which youth can develop self-esteem, leadership skills, and enjoy educational and recreational activities under supervised programs. Boys and Girls Clubs of North County's main facility is located in Fallbrook, California.

**Note 2. Summary of Significant Accounting Policies**

**Basis of Presentation**

Boys and Girls Clubs of North County's financial statements have been prepared on the accrual basis of accounting.

**Cash and Cash Equivalents**

Boys and Girls Clubs of North County has defined cash and cash equivalents as cash in banks and highly liquid investments with an original maturity of three months or less.

**Receivables and Credit Policies**

Accounts receivable consist primarily of noninterest-bearing amounts due for program services. Boys and Girls Clubs of North County determines the allowance for uncollectable accounts receivable based on historical experience, an assessment of economic conditions, and a review of subsequent collections. Accounts receivable are written off when deemed uncollectable. Management determined that no allowance for doubtful accounts was necessary as all items were received subsequent to year end.

**Promises to Give**

Unconditional promises to give that are expected to be collected within one year at net realizable value are recorded. Unconditional promises to give expected to be collected in future years are initially recorded at fair value using present value techniques incorporating risk-adjusted discount rates designed to reflect the assumptions market participants would use in pricing the asset. In subsequent years, amortization of the discounts is included in contribution revenue in the statements of activities. The allowance for uncollectable promises to give based on historical experience, an assessment of economic conditions, and a review of subsequent collections. Promises to give are written off when deemed uncollectable. At June 30, 2021, there was no allowance was determined to be recorded.

**Property and Equipment**

Property and equipment additions are recorded over \$2,500 at cost, or if donated, at fair value on the date of donation. Depreciation and amortization are computed using the straight-line method over the estimated useful lives of the assets ranging from 3 to 40 years, or in the case of capitalized leased assets or leasehold improvements, the lesser of the useful life of the asset or the lease term. When assets are sold or otherwise disposed of, the cost and related depreciation or amortization are removed from the accounts, and any resulting gain or loss is included in the statements of activities. Costs of maintenance and repairs that do not improve or extend the useful lives of the respective assets are expensed currently.

**BOYS AND GIRLS CLUBS OF NORTH COUNTY**  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2021

**Note 2. Summary of Significant Accounting Policies (continued)**

Carrying values of property and equipment are reviewed for impairment whenever events or circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. When considered impaired, an impairment loss is recognized to the extent carrying value exceeds the fair value of the asset. There were no indicators of asset impairment during the year ended June 30, 2021.

**Net Assets**

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

*Net Assets Without Donor Restrictions* – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

*Net Assets With Donor Restrictions* – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

**Revenue and Revenue Recognition**

Revenue is recognized revenue from services when the services are provided. We record special events revenue equal to the cost of direct benefits to donors, and contribution revenue for the difference. All services are transferred at a point in time.

Revenue is recognized as contributions when cash, securities or other assets, an unconditional promise to give, or notification of a beneficial interest is received. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend have been substantially met. Our federal and state contracts and grants are conditioned upon certain performance requirements and the incurrence of allowable qualifying expenses.

**Donated Services and In-Kind Contributions**

Volunteers contribute significant amounts of time to our program services, administration, and fundraising and development activities; however, the financial statements do not reflect the value of these contributed services because they do not meet recognition criteria prescribed by generally accepted accounting principles. Contributed goods and services are recorded at fair value at the date of donation. No significant contributions of such goods or services were received during the years ended June 30, 2021.

**Advertising Costs**

Advertising costs are expensed as incurred.

**BOYS AND GIRLS CLUBS OF NORTH COUNTY**  
**NOTES TO FINANCIAL STATEMENTS**

**Note 2. Summary of Significant Accounting Policies (continued)**

**Functional Allocation of Expenses**

The costs of program and supporting services activities have been summarized on a functional basis in the statements of activities. The statements of functional expenses present the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

**Income Taxes**

Boys and Girls Clubs of North County is organized as a California nonprofit corporation and has been recognized by the IRS as exempt from federal income taxes under IRC Section 501(a) as an organization described in IRC Section 501(c)(3), qualify for the charitable contribution deduction under IRC Section 170(b)(1)(A)(vi), and has been determined not to be a private foundation under IRC Sections 509(a)(1). Boys and Girls Clubs of North County is annually required to file a Return of Organization Exempt from Income Tax (Form 990) with the IRS and California (Forms 199 and RRF-1). In addition, Boys and Girls Clubs of North County is subject to income tax on net income that is derived from business activities that are unrelated to their exempt purposes. Boys and Girls Clubs of North County is not subject to unrelated business income tax and have not filed an Exempt Organization Business Income Tax Return (Form 990-T) with the IRS or (Form 109) with California.

Boys and Girls Clubs of North County has reviewed its position for all open tax years and believes that it has appropriate support for any tax positions taken, and as such, does not have any uncertain tax positions that are material to the financial statements.

Boys and Girls Clubs of North County's federal and state Exempt Organization Tax Returns are subject to examination, generally for three years after they were filed for federal returns and four years for state returns.

**Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates, and those differences could be material.

**Financial Instruments and Credit Risk**

Boys and Girls Clubs of North County manages deposit concentration risk by placing cash with financial institutions believed by Boys and Girls Clubs of North County to be creditworthy. At times, amounts on deposit may exceed insured limits or include uninsured investments in money market mutual funds. To date, Boys and Girls Clubs of North County has not experienced losses in any of these accounts. Credit risk associated with accounts receivable is considered to be limited due to high historical collection rates and because substantial portions of the outstanding amounts are due from governmental agencies supportive of our mission.

**General Information**

In general, for taxable years beginning on or after January 1, 2015, California law conforms to the Internal Revenue Code (IRC) as of January 1, 2015. However, there are continuing differences between California and federal law. When California conforms to federal tax law changes, we do not always adopt all of the changes made at the federal level. For more information, go to [ftb.ca.gov](http://ftb.ca.gov) and search for **conformity**. Additional information can be found in FTB Pub. 1001, Supplemental Guidelines to California Adjustments.

The instructions provided with California tax forms are a summary of California tax law and are only intended to aid taxpayers in preparing their state income tax returns. We include information that is most useful to the greatest number of taxpayers in the limited space available. It is not possible to include all requirements of the California Revenue and Taxation Code (R&TC) in the instructions. Taxpayers should not consider the instructions as authoritative law.

**A Purpose**

Use form FTB 3885F, Depreciation and Amortization, to compute depreciation and amortization allowed as a deduction on Form 541, California Fiduciary Income Tax Return, Form 109, California Exempt Organization Business Income Tax Return, or Form 199, California Exempt Organization Annual Information Return. Attach form FTB 3885F to Form 541, Form 109, or Form 199.

Depreciation is the annual deduction allowed to recover the cost or other basis of business or income producing property with a determinable useful life of more than one year. Land is not depreciable.

Amortization is an amount deducted to recover the cost of certain capital expenses over a fixed period.

**B Federal/State Differences**

California law has not always conformed to federal law regarding depreciation methods, special credits, or accelerated write-offs.

Consequently, the recovery periods and the basis on which the depreciation is calculated may be different from the amounts used for federal purposes. Reportable differences may occur if all or part of your assets were placed in service:

- **Before January 1, 1987.** California disallowed depreciation under the federal Accelerated Cost Recovery System (ACRS). California depreciation is calculated in the same manner as in prior years for those assets.
- **On or after January 1, 1987.** California provides special credits and accelerated write-offs that affect the California basis for qualifying assets. California does not conform to all the changes to federal law enacted in 1993. Therefore, the California basis or recovery periods may be different for some assets.
- **On or after September 11, 2001.** California has not conformed to the federal Job Creation and Worker Assistance Act of 2002 which allows taxpayers to take an additional first year depreciation deduction and Alternative Minimum Tax depreciation adjustment for property placed in service after September 10, 2001.

# CLUB NEWS

OPENING THE DOOR TO GREAT FUTURES EVERY DAY

Summer 2023

### Summer at the Club

It's a busy summer at the Club! Now that June gloom is a memory, Club kids are enjoying the pool for swim lessons, swim team, and afternoon free swim.

Our partnerships with many local organizations are offering much-needed support and enrichment for our Club members. Fallbrook Regional Health District helps sponsor our Water Safety Program, helping educate our Club members on how to safely save someone experiencing distress in the water. Club members also learn how to save themselves from drowning.

Our partnership with Cal State San Marcos Nursing Students provides nurses to take care of our kids, and many of our Club members find the nurses to be excellent listeners.

Speaking of excellent listeners, our partnership with Palomar Family Counseling provides Club members with a safe place and caring counselors to talk about life changes and challenges.

## **FOR IMMEDIATE RELEASE**

### **Community Partners Support Boys & Girls Clubs of North County**

*Fallbrook, CA – July 25, 2023* – It's summertime at Boys & Girls Clubs of North County and kids are joyously swimming, playing and learning. The Club's summer partnerships with other nonprofits and local organizations are important to the overall summer experience for our Club members.

Fallbrook Regional Health District helps sponsor the Water Safety Program during the summer. We not only teach kids how to swim, but we also teach them how to rescue other swimmers experiencing distress in the water safely and quickly. Young children are at the highest risk of drowning, and the Club with the help of the Fallbrook Regional Health Center ensures water safety is taught at an early age throughout the summer and we usually have non-swimmers happily swimming and safely playing in the water by the end of the summer. We also partner with the CDC and teach their youngest charges from 3 to 4 years old how to swim. They walk to our pool from their site down the street.

"Summer is a special time at the Club, we get to make great memories for the kids while teaching them valuable life lessons," said Allison Barclay, Chief Executive Officer of Boys & Girls Clubs of North County. "We also sneak in STEM education and literacy as fun activities all summer to help students overcome the learning gap that often happens over the summer. "

In addition to partnering with the Fallbrook Regional Health District and the CDC, we also partner with Cal State San Marcos School of Nursing to provide health services and education during the summer. Not only do the nursing students hand out many band aids and even more ice packs, but the nursing students also share important information. They recently engaged our Club members with a learning session on the importance of wearing sunscreen and avoiding the sun during peak hours by finding shade and wearing hats.

Palomar Family Counseling works with our Club members on learning how to better cope with life stressors and teaches them how to better communicate as well as make better life choices. One of their activities is throwing a soccer ball with questions back and forth between Club members and counselors as a means of getting a conversation going with questions such as What is your favorite game to play? to What scares you? Between the Cal State Nursing Students and the Palomar Family Counseling team, our Club members are well supported all summer.

The Fallbrook Food Pantry also partners with the Club and provides weekly gardening experience at the Fallbrook Regional Health District Wellness Center. Club members team up in groups of two and decide what to plant in their gardens and then learn how to care for the gardens to make them grow. They are also taught food nutrition information in a fun and accessible way by Food Pantry volunteers. Additionally, Child Nutrition Services provides breakfast and lunch daily, keeping Club members well fed and healthy.

This summer music is in the air with the help of our partners at the Fallbrook Music Society. Club members learned how to read music and play a variety of instruments.

This summer the Boys & Girls Clubs of North County is running summer camps for all three of the local school districts: Fallbrook Unified Elementary, Bonsall and Vallecitos. For 60 years, the Club has been the place for youth to go after school for fun memories with friends, programs that would enhance their learning experience, and relationships with caring staff. We currently serve over 2,000 every year at our 10 different sites throughout Fallbrook and Camp Pendleton.
