DISTRICT BACKGROUND INFORMATION

Fallbrook Regional Health District (“District”) is a government entity under the Local Health Care District Law (Statutes 1945, Chapter 932; Health and Safety Code, Division 23, Sections 32000 et seq., of the State of California). The District serves residents of the Fallbrook, Bonsall, Rainbow and De Luz areas of northern San Diego County.

Created by residents for residents, Healthcare Districts throughout California provide vital services for the community members who create and oversee them. As the most responsive form of local government, Healthcare Districts are established, operated, and controlled by local voters who understand each community's concerns and ensure that each District is effectively meeting their local health care needs.

The Fallbrook Regional Health District Mission:

By directing resources to community nonprofits and engaging highly skilled staff, partners and passionate volunteers the Fallbrook Regional Health District endeavors to offer health and wellness services to our served communities of Bonsall, De Luz, Fallbrook and Rainbow.

The Fallbrook Regional Health District Vision:

A California recognized Health District that delivers the highest quality health and wellness programs and services to support a greater life span for the local community.

GUIDELINES

PROGRAMS FUNDED

The Fallbrook Regional Health District (District) provides grant funding through our Community Health Contract Grant process to organizations that meet the health and wellness needs of our community and are consistent with the District's mission.

The Health Care District Act (Health & Safety Code section 32121) has evolved over the years to provide very broad authority to Health Care Districts. Currently, Health Care Districts have numerous powers, which include the establishment, maintenance, and operation, or the providing of assistance in the operation of, one or more health facilities or health services, including but not limited to, outpatient programs, services and facilities; retirement programs, services, and facilities; chemical dependency programs, services, and facilities; or other health care programs, services, and facilities for the benefit of the people served by the district.

Moreover, among other powers, the Health District may establish, maintain, and operate, or provide assistance in the operation of, free clinics, diagnostic and testing centers; health education, wellness and prevention programs; rehabilitation, aftercare and any other healthcare services; provider groups; and organizations that are necessary for the maintenance of good physical and mental health in the communities served by the District.

POPULATION SERVED

The District provides grant funding through the Community Health Contracts (CHC) program. Community Health Contract funds must benefit the residents of the communities served by the Fallbrook Regional Health District. The District's service area and sphere of influence area covers 110.57 square miles. This includes Bonsall, De Luz, Fallbrook, and Rainbow. Estimated population of the District is 50,985 (US Census, 2020).
